IMPORTANT NOTICE - All Sheep Producers

One of our major buyers has advised that effective immediately, all vendors are required to complete additional information at Question 7 on your NVD to indicate the status of lambs with regard to their antibiotic free status.

At Question 7, you must declare "Raised Without Antibiotics" or in rare cases "Raised With Antibiotics". Most pasture fed Australian lamb would be antibiotic free, however some feed supplemented/feedlot lambs may have had exposure to antibiotics within the feed ration.
