Sheep Market Report

24TH AUGUST 2022 – A YARDING OF 2260 SHEEP & LAMBS, WITH 1750 LAMBS AND THE BALANCE SHEEP.

A heavily reduced yarding this fortnight with a full field of buyers attending but not all operating. There were very few heavy lambs on offer and we saw the first of two pens of suckers bring \$185.00/head. Overall cheaper trends across the board with heavy cross lambs back \$15-20/head with the secondary types feeling the full effect. There were very few sheep penned with the market following a similar trend back \$15-20/head.

HIGHLIGHTS

Gilmore Farms: xl \$220.00
D & K Goodear: xl \$211.00
PJ & CA Sullivan: \$196.00

Jokey of the Week!

Little boy tells his nursery teacher he found a dead cat.

"How did you know it was dead?" asks the teacher.

"Because I pissed in its ear and it didn't move" says the boy.

"You did what!?" shrieks the teacher.

"You know" explains the boy, "I leant over and went Pssst and it didn't move"

GOING GREEN

Central West Local Land Services Farm biosecurity planning and livestock traceability workshops

The best defence against pests and diseases is to implement sound biosecurity practices. Join us at an upcoming workshop to improve your ability to assess the biosecurity risks on your farm and learn what steps to put in place to address them.

With foot-and-mouth disease (FMD) and lumpy skin disease (LSD) at the forefront of farmers' minds, we are running a series of farm biosecurity planning workshops coupled with an afternoon information session covering the use of National Vendor Declarations and livestock traceability through the National Livestock Identification System (NLIS) database.

Each workshop will be delivered by staff with expertise in farm hygiene, pests and weeds and animal biosecurity. We will help you review your existing farm biosecurity plan or develop a new one with quick and simple measures that you can build into your everyday practices to help protect your farm and your future.

Please bring along a copy of your current farm biosecurity plan. If you don't have one, please scan the QR code on the left to view the template available at the Farm Biosecurity website.
