Christmas Message '22

Another year has rolled around quickly, they don't seem to be getting any slower! 2022 could have been one of the wettest we have seen, the rain certainly has brought with it many challenges for our farmers and graziers this year with late crops and all livestock struggling to do well. Sheep and lambs particularly, struggled with the wet paddocks and pastures. The humble blow fly, also doesn't seem to want to go away!

We saw some COVID restrictions in 2022 however we seem to be old hands at it these days and have returned to normal sales, which has been great to see our clients out and about regularly, attending sales again.

The start of the year saw the cattle market again reach new highs with feeders and kill cattle reaching the high 500-600c/kg mark. Over the last six weeks with the drier weather supply has increased and the cattle market has started to soften. It will be interesting to see where it settles in the New Year.

The sheep and lamb job on the other hand has been quite a hard year with the worm and flies and continuous wet weather making it very hard job for the producer. The lamb job has settled around the \$8/kg mark with plenty of competition on the better end of the lambs.

We hope everyone has a wonderful Christmas, enjoys time with family and friends and is able to relax when harvest is done. Thank you very much for the support and we look forward to a great 2023! Remember our first sale back will be Wednesday the 11th of January.

Jamie, Angus, Fleur, Alex, Row and Cameron
